If the team which has not completed its second innings was not leading on the first innings, the match shall be an outright tie.

### **3.3 CALCULATION OF PERCENTAGE**

3.4.2 Matches will be played for bonus points where there is no play on the first day of a two-day match (Rule 19.8) and where matches have been affected on day one in a grade. - 5.5.1 For all matches, the home team, with due regard for the weather, shall ensure every effort is made to have its ground and pitch, or a ground and pitch approved by the Pennant Committee in which they are drawn to play, in a proper condition for play. Before the commencement of play on any day, umpires shall see that any necessary steps are taken to improve the ground or pitch with a view to expediting play. Stumps should not be drawn until the hour fixed by these rules for the conclusion of play, unless they are satisfied there is no possibility of play. (Items such as brooms, squeegees, rags, sawdust, sand, etc., should be available and may assist in readying the ground and/or pitch for play). The umpires shall be the final judges of the fitness of the ground, pitch, weather and light for play.

In matches without association appointed umpires, the captains of both batting and bowling teams are responsible for compliance of these clauses. 10.2.2 In the case where a washout is not able to be declared by 10am on the morning of the game, the Umpire attends the ground and subsequently adjudicates that there can be no play on the day, the Umpire shall be paid \$50.00 on the day.

10.2.3 In the case of Umpires attending and adjudicating a forfeiture, the forfeiting team/club will be liable for full payment of Umpires fees on that day. This does not apply for Region or Association matches.

  - b) 30 minutes in an innings of a two day game; and
  - c) 45 minutes in an innings of a three day game.

The match shall revert to the ordinary Laws of Cricket. For two-day matches, the innings of the team batting first shall not exceed <Overs A>.

- 11.2 If no ball is bowled on the scheduled first day of a two day game, other than in semi-finals, the second day shall be played under one day rules, a fresh toss being made.
- 11.3 If a minimum of 30 overs has not been bowled on the first day of a two day game, other than in semi-finals, providing the side batting first has not been dismissed. Day one shall be abandoned, day two being played under one day rules, a new toss being made. No scores or performances from day one will count for averages or qualifications.
- 11.4 The Executive is given the power to abandon games on Saturday morning in exceptional circumstances.
- 11.5 Should bad light cause the umpires to consider leaving the field, the use of artificial lighting may be considered provided that the artificial lighting does not become the principle source of light. (e.g. shadows on the ground or pitch from artificial light).

## **RULE 12      EXTREME WEATHER**

### **12.1    EXTREME HEAT**

If on the day of scheduled play, the forecast temperature by the Bureau of Meteorology (as at Melbourne Airport) is 38 degrees Celsius or above, the GDCA Executive shall meet/discuss on the morning the merits of playing or abandoning senior matches for the day.

Factors such as relative humidity, pollution levels, wind, high fire danger, expected change in weather during the course of the days play and ground conditions shall be taken into account when determining the safety of players, umpires, scorers, officials and spectators. Advice may be sought from third parties in making this decision.

- 12.2 A decision must be made by 10am and will be conveyed to all participants through the GDCA website at [www.gdca.au](http://www.gdca.au) and social media platform if the decision is to abandon the day's play. It is the responsibility of all clubs and umpires to monitor the sites before commencement of play. If the decision is to abandon play, this means **all** matches shall be abandoned.
- 12.3 If play is abandoned on the first day of a two day match, then the match shall revert to a one day game the following week as per Rule 19.8. If play is abandoned on the second day of a two day match, providing there has not already been a first innings result, the match shall be declared a draw. The same shall apply for scheduled one day matches.
- 12.4 If there is no abandonment of play and the weather is close to extreme, umpires are advised to monitor the safety of players, umpires, scorers, officials and spectators throughout the days play. If no official umpire is appointed to the match, the captains of both teams are to monitor the conditions.
- 12.5 Information on conditions may be sought by contacting the Melbourne Weather Service on phone number **1196** and accessing the current temperature for the Melbourne Airport area.
- 12.6 The officially appointed umpire(s) may suspend play if he/she considers conditions to be unsafe until such time conditions are suitable for the resumption of play or he may cancel the day's play completely.
- 12.7 Where no official umpire has been appointed to a match, both captains must agree to suspend or cancel the day's play.
- 12.8 Actions which may assist in safe play include:-

#### **12.8.1 Hydration**

- Drink breaks every 30-60 minutes in all matches (every 30 minutes in conditions of extreme temperature)
- Drinks should be available for individual players between drinks breaks. Umpires should be advised when additional drinks are sought and players should make every effort to ensure no time is wasted.
- Where cups and a large container are supplied, cups should not be dipped into the container. Used cups should be washed or disposed of after use
- Do not share cups
- Drink bottles should be made available with club square leg umpires if deemed necessary

#### **12.8.2 Clothing**

- Wear long sleeved shirts
- Wide brimmed hats
- Appropriate application and re-application of SPF 30+ sunscreen

- Seek shade when players are not on the field
- Team Managers/Coaches especially should be vigilant and not pressure their players in any way regarding performances or endurance
- Limit bowling spells
- Allow batters to retire should they show symptoms of heat stress.

### 12.8.4 Other Considerations

- The welfare of players and umpires is paramount
- On days of extreme heat, coaches, players, umpires and officials should be aware of the possible risks and carefully monitor all players and umpires; if any show signs of distress from heat, swift and appropriate action should be taken. Symptoms of heat injury or heat stroke are:
  - Fatigue
  - Nausea
  - Headache
  - Confusion
  - Light-headedness
  - Players should **stop playing, drink more fluids** and **cool down**. Seek medical treatment if these symptoms don't improve rapidly. Also keep an eye on other players or officials who may not realise they are suffering from dehydration or heat stress.
  - Be aware that junior, female and older players are more susceptible to heat injury
  - Be aware of junior players also playing in senior matches on the same day
  - Ensure there are sufficient shaded areas at grounds for both players and spectators where possible.
  - In extreme heat conditions, ensure there are qualified trainers and first aiders at the ground.

## 12.9 ELECTRICAL STORMS (The 30/30 Rule)

12.9.1 If thunder follows a lightning flash by thirty (30) seconds or less, play must cease immediately.

12.9.2 Players and officials must leave the field immediately and must not return until thirty (30) minutes after the initial lightning flash. If during the suspension of play thunder follows a lightning flash by thirty (30) seconds or less, the thirty (30) minute suspension period is to recommence.

## **RULE 13 TEAM SELECTION – RELEGATION OF PLAYERS**

### **13.1 RELEGATION OF PLAYERS BETWEEN GRADES**

No player may be relegated in a club more than one grade in consecutive matches during the home and home fixture only. This rule shall not apply to qualifying final, semi-final or grand final matches.

### **13.2 RELEGATION OF PLAYERS WHERE TEAM HAS A BYE**

If a Club has a lower grade match on the same date that the Club's higher grade team does not have a match fixtured (i.e. a bye), then only a maximum of two (2) players can drop from the higher grade team observing the bye to the lower grade team for that fixture. Applicable only to players that have played in the preceding match including the season prior.

## **RULE 14      PAYMENT OF PLAYERS**

### **14.1      PROFESSIONAL PLAYER**

Only **one** player is permitted to receive payment from a club for playing in the senior men's competition. Only **one** player is permitted to receive payment from a club for playing in the senior women's competition.

If a club has a playing coach who is paid for his/her services during the season, then he/she is considered to be the player receiving payment in this instance. The penalty for a breach of this rule will be loss of points as deemed appropriate by the Pennant Committee.

### **14.2      STATUTORY DECLARATION**

A failure to produce a statutory declaration signed by two Club Executive members to the Association within seven days of request to do so shall be deemed a breach of this rule.

## 15.1 PRESCRIBED PENALTIES

- 15.1.1 There shall be provision for a player to accept a predetermined penalty and thereby eliminate the need to attend a Tribunal hearing. The acceptance or otherwise of any set penalty must be indicated on the Prescribed Penalty Report Form.
- 15.1.2 A player who has accepted a Prescribed Penalty shall not be offered a second or subsequent Prescribed Penalty within the timeframe as set down in Rule 15.2.2. In this case, a report is to be submitted by the umpires as per Rule 15.2.
- 15.1.3 Should a player have a Prescribed Penalty recorded against them during a current season, then that record will carry over for the next season. If no further reports are received in this two (2) year period, the first record of a Prescribed Penalty shall lapse.
- 15.1.4 Should a player and or the umpire decide that they wish to have the charges heard by a tribunal, then this shall take precedence over the set penalty. This decision shall be notified to the Association within 24 hours. This does not dilute the right of the association to reject this acceptance and have the matter heard by the GDCA Tribunal if it is deemed appropriate.
- 15.1.5 In the event that the Tribunal subsequently finds the player guilty of the charge, it is expected that any suspension imposed would extend for a period more than that prescribed by the set penalty.

Wherever possible, and as soon as practicable after the occurrence of the event to which a report relates, an umpire shall inform the player so reported and the captain of his/her team or an official of the club of the report. The umpire shall lodge a written statement with the Association Secretary specifying:-

- (a) The player and/or Club reported; and
- (b) The nature of the report, within 24 hours of the completion of the match out of which the report arose.

15.2.2 Upon receipt of a report from an Umpire, the Secretary shall immediately deliver a copy thereof to the Tribunal Chairman.

15.2.3 Umpires required to attend a Tribunal hearing of a reported player and/or club shall be entitled to receive a sum of \$25.00 from the Association to cover the costs incurred in attending the hearing.

## 15.3 PLAYER MENTION

15.3.1 Where an Umpire has occasion to speak to a player about his/her behaviour but does not consider the player's behaviour to be so serious as to warrant a report to the Secretary of the Association, the umpire shall issue a Player Mention.

- (b) Cause the reported person and the Club of the reported person to be notified that a charge has been laid against the reported person.
- (c) This charge is to be treated the same as an official report. The player shall have the option of accepting a two match day penalty or have the charge heard by the GDCA Tribunal following completion of the match from which a report arises. Should a player decide to take the option of a penalty without a tribunal hearing, the club must notify the GDCA secretary of this decision within 48 hours of receiving notification of the report and before the next scheduled match.

15.3.5 Should a player have only one (1) mention recorded against them during a current season that mention will carry over for the next season. If no further mentions are received in this two (2) year period, the first mention will lapse.

### 15.3.6 CLUB TO ATTEND UMPIRES

For the purpose of ascertaining whether there are to be any persons reported, irrespective of any earlier notification, the Captain or a representative or an official of both Clubs shall attend and wait on the Umpires after the close of each days play.

15.3.7 If either the player so reported or the Captain of the player's team is not able to be notified by the Umpire within one hour after the end of the day's play it will be sufficient for a written statement to be submitted to the Secretary of the Association within 24 hours after the end of the day's play out of which the report has arisen. Such statement is to contain reasons for which either the player so reported or the Captain of the team were not able to be notified.

The umpires and opposition captain are to be notified which player will not bat and which player will not bowl or keep wickets immediately after the toss.

***Note: This rule allows for free "interchange" of fielders. The Laws of Cricket regarding substitute fielders are to be strictly applied and enforced by Umpires only when a 13<sup>th</sup> fielder is used.***

The 12 players named on the competition management platform must be in attendance prior to the commencement of the match. If a player is running late, the umpires and opposing captain are to be notified prior to the toss. However, should a player or players arrive after the commencement of the match, then those players shall not be permitted to bat or bowl until "Penalty Time" has been served as set down in the Laws of Cricket (Law 24.2 and Law 25.3)

A penalty of Loss of Points or a fine where points have not been received for the match will be imposed on teams for naming players who do not participate in the match in order to simply qualify players for the finals.

### **16.2.1 McINTYRE CUP & JOHNSTONE SHIELD – TWO DAY MATCHES**

A penalty of Loss of Points or a fine where points have not been received for the match will be imposed on teams for naming players who do not participate in the match in order to simply qualify players for the finals.

- 16.2.3 Where a second innings is required in a match, players who did not bat or bowl as part of the eleven players in the first innings may bat and bowl in the second innings. Captains are to nominate these players and let Umpires know prior to the commencement of the second innings.

A penalty of Loss of Points or a fine where points have not been received for the match will be imposed on teams for naming players who do not participate in the match in order to simply qualify players for the finals.

**16.4 MINIMUM NUMBER OF PLAYERS**

A team must have a minimum of seven (7) players ready to commence play on each day of a match.

## **RULE 17 UNDER-AGE BOWLING RESTRICTIONS**

### **17.1 OVER RESTRICTIONS**

Over restrictions are to apply to under age bowlers as per Schedule 1 below. Such players are to be notified to the opposition Captain and to the appointed Umpire(s), prior to the start of play.

**SCHEDULE 1:** Bowlers of medium pace or faster (broadly defined as those to whom the wicket keeper would normally stand back):-

**Under 19 at 1 September in the current season**

A maximum spell of seven (7) consecutive overs.

A maximum per game day allocation of 20 overs.

**Under 17 at 1 September in the current season.**

A maximum spell of six (6) consecutive overs.

A maximum per game day allocation of 16 overs.

**Under 15 at 1 September in the current season.**

A maximum spell of five (5) consecutive overs.

A maximum per game day allocation of 12 overs.

**Under 13 at 1 September in the current season.**

A maximum spell of four (4) consecutive overs.

A maximum per game day allocation of 8 overs.

**NOTE 1:** A break between spells is to be **60** minutes in a two day match and **30** minutes in a one day match. A bowler who has bowled a spell of less than the maximum spell permitted for their age group may resume bowling prior to the completion of the necessary break but this shall be considered an extension of the same spell and the maximum limit for that age player shall still apply. Following the completion of the extended spell, the normal break between spells shall apply with the break within the spell to be disregarded.

**NOTE 2:** A one over break to change ends does not constitute a break in a spell.

**NOTE 3:** After an interval or interruption of thirty (30) minutes or more, or a start of a follow-on second innings, a bowler may resume bowling without regard to the waiting period indicated above.

**NOTE 4:** Overs bowled by players in GDCA Under17, Under15 and Under 13 competitions are to apply when calculating senior match restrictions as listed above. Captains are required to inform umpires before the commencement of play of the number of overs bowled by each under-age player in the junior competition that morning. Captains should monitor the workload of under-age bowlers throughout senior matches and ensure their condition does not deteriorate due to the overs bowled in the morning's junior innings.

### **17.2 RESPONSIBILITY OF CAPTAINS**

All clubs and captains are urged to be aware of these guidelines and implement them in their matches. Irreparable damage can be done to young pace bowlers if not careful.

### **17.3 RESPONSIBILITY OF UMPIRES**

All GDCA Umpires are well aware of the guidelines and principles and have been asked to report any known or suspected breaches on the Umpire's Match Reports. Umpires will not be required to notify captains or clubs.

### **17.4 BREACHES**

All breaches will be followed up by the GDCA Executive and, where a second or a third breach is made, fines, suspensions or loss of match points are all distinct possibilities.

## **RULE 18 FORFEITS**

### **18.1 FORFEIT**

Any club choosing to forfeit a match must forfeit the lower of any grade competing in that round for that club. No club may forfeit a round and field a team in any lower grade in that round. Penalties for this offence may include loss of points to any or all competing teams of the offending club for that round as seen fit by the GDCA Pennant Committee.

### **18.2 FORFEIT – TEAM ON PLAYHQ COMPETITION MANAGEMENT PLATFORM**

In the event of a forfeit, the players of the winning team are considered to have played a match for finals qualification purposes but have not completed an innings. A team listing the players of the winning team is to be posted on the competition management platform prior to what would have been the commencement time of the match. Failure to list a team within this time will result in those players not being considered to have played in the match for finals qualification purposes. Teams that forfeit matches are to ensure no players are selected on the competition management platform for the forfeited match.

### **18.3 FORFEIT – MATCH POINTS**

In the event of a team receiving a forfeit in any match, that team shall be allotted the maximum points received by any other winning team in the same grade for that round. In the case of a forfeit, a fine of \$50 shall be imposed if notice of forfeit is given before 10am on the morning of the match, or \$100 if notified after 10am.

**RULE 19 TWO-DAY MATCHES**

19.1 For the purposes of Rule 19 the following table shall apply:-

	<i>Mc Cup Firsts</i>	<i>Johnstone Shield Firsts</i>	<i>Mc Cup Seconds</i>	<i>Johnstone Shield Seconds</i>

Overs A	80 overs	75 overs	75 overs	75 overs
Overs B	30 overs	30 overs	30 overs	30 overs

19.2 All two day matches shall commence at <Time A> and finish at <Time B>. Tea shall be taken as near to <Time C> as possible on the completion of an over or the fall of a wicket. The tea adjournment shall be 20 minutes duration from the cessation of play to the start of play. If an innings terminates or is interrupted by adverse conditions between <Time D> and <Time C>, the tea adjournment shall be taken. The rule in the Laws of Cricket governing 9 wickets down at tea apply.

19.3 In a two-day match where a 1<sup>st</sup> innings result has been reached, **both** captains must agree before stumps can be called prior to the scheduled finishing time, but not before the scheduled tea break on day two.

If **both** captains do not agree to call stumps at tea, play shall continue until a time when **both** captains do agree to call time or overs are completed as per Rules 19.9, 19.10, 19.11 and 19.12.

19.4 All two day matches prior to daylight saving shall on both days commence at <Time E> and finish at <Time F>, with the tea adjournment at <Time G>. If an innings terminates or is interrupted by adverse conditions between <Time H> and <Time G>, the tea adjournment shall be taken.

19.5 On day one a minimum of <Overs A> shall be bowled to complete the day's play. If the minimum <Overs A> are bowled before <Time B>, then stumps shall be drawn.

19.6 On day one, in the event of play being interrupted by rain, bad light, etc., the number of overs to be bowled shall be reduced in proportion to time lost, at the ratio of one over for every three minutes or part thereof lost if less than 30 minutes total time is lost.

19.7 On day two (2) if play is interrupted by rain, bad light, etc., the number of overs to be bowled shall not be reduced in proportion to time lost if less than 30 minutes total time is lost.

19.8 If no ball is bowled on the scheduled first day of a two day game, other than in semi-finals and finals, the second day shall be played under one day rules, a fresh toss being made. Bonus points will be awarded to these one-day matches (McIntyre Cup Firsts & Johnstone Shield Firsts).

19.9 If a minimum of <Overs B> has not been bowled on the first day of a two day game, other than in semi-finals and finals, providing the side batting first has not been dismissed, day one shall be abandoned, day two being played under one day rules, a fresh toss being made. No scores of performances from day one will count for averages or qualifications.

- 19.10 The first batting side, if not previously dismissed, shall receive a minimum of <Overs A>. In all matches, if the innings of the side batting first is compulsorily closed, the side batting second, if not previously dismissed, shall receive the same number of overs as has been bowled to the side batting first. The side with the greater number of runs wins.
- 19.11 If the first batting side is dismissed before <Time J> the second batting side shall commence its innings and continue until <Time B>. There is no requirement to complete <Overs A> on day one in these circumstances. On day two the second batting side is entitled to receive a minimum of a further <Overs A>.
- 19.12 If the first batting side is dismissed before <Overs A> have been bowled and after <Time J> then the second batting side shall commence its innings on day two and be entitled to receive a minimum of <Overs A>.
- 19.13 At the request of either Captain, a minimum of 20 overs are to be bowled in the last hour of a match in an attempt to obtain an outright result.
- 19.14 A compulsory closure shall be imposed at the end of the first day's play in a two day match unless the wet weather rule applies.
- 19.15 The side which bats first and leads by 100 runs in two day matches shall have the option of requiring the other side to follow on.
- 19.16 At any time during a match, either side may declare their innings closed providing the declaration is made not later than 15 minutes before the scheduled end of the days' play.
- 19.17 If for any reason play does not commence within ten minutes of the time appointed, the umpires shall, on appeal, declare the match lost by the team unable or refusing to proceed with the match, and points shall be awarded at the discretion of the Pennant Committee. Visiting teams shall be given 15 minutes grace.
- 19.18 **OVER RATES/LATE FINISHING PENALTIES (McIntyre Cup Firsts & Johnstone Shield Firsts)**  
In matches where official umpires are appointed, for every full over bowled after 6:00pm, a penalty of 0.2 match points shall be applied, allowing for reasonable delays in play, eg., injury, extra drinks breaks. After three over-rate related penalties in the one season, the captain shall be suspended for one game, unless exceptional circumstances apply.
- 19.19 **THE BOWLING OF FAST SHORT PITCHED BALLS**  
A bowler shall be allowed to bowl **two** fast, short pitched deliveries per over. A fast, short pitched delivery is defined as a ball which passes above shoulder height of a batter standing upright at the crease. In the event of the bowler bowling more than two fast, short pitched deliveries in an over, either Umpire shall call and signal no ball. (This playing condition is not a substitute for Law 41.7 which umpires may decide to apply at any time). In addition, a delivery that passes over the head of the batter standing upright at the crease, is automatically a no ball and one of the two fast short pitched deliveries per over irrespective of which batter is facing.

**RULE 20****ONE-DAY MATCHES (McIntyre Cup & Johnstone Shield)**

## 20.1 TIMES/OVERS

	<b>McIntyre Cup Firsts</b>	<b>McIntyre Cup Seconds</b>	<b>Johnstone Shield Firsts &amp; Seconds</b>
Times of Play	12:30 – 6:10PM	1:00 – 6:00PM	1:00 – 6:00PM
Tea Break	3:10 – 3:30PM	3:20 – 3:40PM	3:20 – 3:40PM
Scheduled Overs	45	40	40

20.1.1 All one-day matches scheduled prior to the annual introduction of daylight savings shall commence 30 minutes earlier than the listed start times in the table above with break and completion times adjusted accordingly.

20.1.2 Teams have the option of commencing matches earlier or later providing that both teams and officially appointed umpires are in agreement. The home team is responsible for notifying the Association secretary of the agreement to change times at least five days before the scheduled date of the match.

20.1.3 The tea adjournment shall be taken at the completion of the first innings irrespective of the time or number of overs bowled in the first innings.

20.1.4 Clubs should use the start times listed on the competition management platform as the source of truth each week – as on occasion a match's start time may need to be adjusted by the GDCA.

## 20.2 PRINCIPLES OF MATCHES

The matches will consist of one innings per team limited to forty five (45) overs (McIntyre Cup), forty (40) overs (McIntyre Cup Seconds, Johnstone Shield Firsts & Seconds). For explanatory purposes in these conditions, 'Side A' is defined as the side which bats first and 'Side B' is defined as the side which bats second.

20.2.1 **McINTYRE CUP FIRSTS & JOHNSTONE SHIELD FIRSTS MATCHES ONLY**

In all one day matches the innings of the side batting first shall be compulsorily closed at the completion of 45 overs (40 overs in Johnstone Shield). The scheduled cessation time of the side batting first is 3.10pm (3.20pm Johnstone Shield).

- (a) If 45 (40) overs are not completed by the scheduled cessation time, and in the opinion of the Umpires the bowling team is at fault, the team batting second will only receive the number of overs equal to what they bowled at the scheduled cessation time (eg. In Mc Cup, if 42 overs bowled at 3:10pm, play will continue until 45 overs are completed and only 42 overs will be available for Team B batting second)
- (b) If the team batting first is dismissed prior to the scheduled cessation time the penalty is not applicable and the team batting second will receive the full allocation of available overs (45/40).
- (c) Team batting second - If 45 (40) overs are not completed by the scheduled cessation time, and in the opinion of the Umpires the bowling team is at fault, the team bowling second will be penalised 5 runs per over they that have failed to bowl. (eg. In Mc Cup, if 42 overs bowled at 6:10pm, play will continue until 45 overs are complete [or 10 wickets fall/result achieved] with 15 added penalty runs for the team batting second)
- (d) Captains are responsible for slow over rates. After three over-rate related penalties in the one season, the captain shall be suspended for one game, unless exceptional circumstances apply.
- (e) Umpires will take into consideration time lost due to circumstances such as extra drinks breaks during hot weather, batsmen wasting time between overs, fielders having to retrieve the ball beyond the boundary, etc.

### 20.3 DECLARATIONS

Law 15.1 - The Laws of Cricket shall not apply. The captain of the batting team may NOT declare their team's innings closed during the course of the match.

### 20.4 RESULT

Where both sides have commenced their innings, the match shall immediately end once a result has been obtained. The team scoring the higher number of runs shall be the winner.

### 20.5 CONDITIONS OF PLAY IN AN UNINTERRUPTED MATCH (All Grades)

20.5.1 If Side A has not previously completed its innings, the innings shall be compulsorily closed on completion of the bowling of the allocated overs for that division.

20.5.2 If Side A is dismissed in less than its full quota of overs, Side B shall be entitled to bat for its full quota of allocated overs for that division (45/40) unless a result has been obtained.

### 20.6 MATCHES WHERE PLAY IS DELAYED OR INTERRUPTED

(All interruptions to play including wet weather, unsafe ground conditions and extreme heat conditions).

#### 20.6.1 SIDE A – FIRST INNINGS

### (a) INTERRUPTIONS TO PLAY NOT EXCEEDING 30 MINUTES

If the innings of Side B is delayed or interrupted for a total of playing time not exceeding 30 minutes, play shall continue until the full entitlement of overs of the batting Side B has been bowled.

### (b) INTERRUPTIONS TO PLAY EXCEEDING 30 MINUTES

(McIntyre Cup Seconds, Johnstone Shield Seconds & One-Day Grades)

If the innings of Side B is delayed or interrupted for a total of playing time exceeding 30 minutes and play can resume the following shall apply:

- i. The number of overs to be bowled shall be calculated by deducting from the scheduled overs, one over for every full three and a half minutes or part thereof lost.
- ii. Where a result is not obtained the match shall be considered drawn.
- iii. Side B shall not bat for a greater number of overs than Side A unless Side A has been dismissed in less than the required number of overs.

## 20.7 CALCULATION OF TARGET SCORE – DUCKWORTH-LEWIS-STERN CALCULATOR

(McIntyre Cup Firsts & Johnstone Shield Firsts Matches Only)

### (a) Interrupted Matches - Calculation of the Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth/Lewis/Stern method calculated by the the competition management platform Live Score App.

The number of overs to be bowled shall be calculated by deducting from the scheduled overs, one over for every full three and a half minutes or part thereof lost.

### (b) Prematurely Terminated Matches

If the innings of the team batting second is suspended (with at least 20 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the target score determined at the instant of the suspension by the Duckworth/Lewis/Stern method. If the score is equal to the par score, the match is a tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the par score.

## 20.8 OVER LIMITS FOR BOWLERS

### 20.8.1 Limit per Bowler:

A bowler shall not deliver more than one-fifth of the maximum of overs permitted for an uninterrupted innings, but where the maximum is reduced because of interruptions, the limit shall be one-fifth of the adjusted maximum except for any bowler who already has exceeded the reduced limit.

When a re-calculation of a bowler's limit results in a fraction, the limit shall be raised to the next highest number for as many bowlers as is necessary to absorb the balance in whole overs.

### 20.8.2 Limit Reached or Exceeded:

No further deliveries shall be made by a bowler who has reached or exceeded a recalculated limit except to complete an over previously commenced by them.

20.8.3 In the event of a bowler breaking down and being unable to complete an over, the remaining balls must be bowled by another bowler. In those circumstances each bowler will be regarded as having bowled a complete over in so far as each individual's limit is concerned, but only one over will be counted towards the team's total.

#### 20.11.3 Powerplay Overs – Commencement

Each block of Powerplay Overs must commence at the start of an over.

#### 20.11.4 Powerplay Overs – Interrupted Match Recalculation

If play is interrupted during non-Powerplay Overs, then on resumption, it is necessary to determine how many remaining Powerplay Overs should be allocated. The total number of Powerplay Overs for the innings is derived from the table in 20.11.2. Any Powerplay Overs already taken prior to the interruption will be deemed to have been in sequence: the initial allocation then the batting team's allocation.

#### 20.11.5 POWERPLAY OVERS – INTERRUPTIONS

- (a) If play is interrupted during the first Powerplay and on resumption the overs required to be bowled in that Powerplay have already been exceeded, then the Powerplay will assume to have been taken consecutively up to that point.
- (b) If play is interrupted during a Powerplay and on resumption the total number of Powerplay Overs has already been exceeded, then the fielding restrictions will be lifted immediately.

**Note:** This is the only circumstance under which the Powerplay status can be changed during an over.

- (c) If following an interruption while a Powerplay is not in progress, it is found on resumption that the recalculated number of Powerplay Overs remaining equals or exceeds the number of overs to be bowled in the innings, then the final Powerplay will commence at the start of the next over.

#### 20.11.5 POWERPLAY OVERS – SIGNALS

At the commencement of each block of Powerplay Overs, the umpire shall signal such commencement to the scorers by rotating the arm in a large circle.

#### 20.12 NO BALL - Free Hit After ANY No Ball (McIntyre Cup Firsts & Johnstone Shield Firsts only)

The delivery following a no ball shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball), then the next delivery will become a free hit for whichever batter is facing. For any free hit, the striker can only be dismissed under the circumstances that apply for a no ball even if the delivery for the free hit is called a wide.

Changing the field for a free hit is not permitted unless the batters have changed ends or the no-ball was called for a fielding violation (i.e. 3 behind square on the leg side) after which the only change allowed is to remedy the violation.

The bowler's end Umpire will signal a free hit by (after the normal no ball signal) extending one arm straight upwards and moving it in a circular motion.

#### 20.13 WIDES: WIDE BOWLING - JUDGING A WIDE

##### MCINTYRE CUP FIRSTS & JOHNSTONE SHIELD FIRSTS

Umpires are instructed to apply a very strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket. Any off side delivery that passes outside the Wide Guideline (Off Side) shall be called a wide when the batter is in normal batting position. Also any ball that passes outside the line of the leg stump, regardless of width, shall be called a wide.

Note: A leg side wide can only be called if the ball passes behind the batter. If the ball passes between the batter and the leg stump – wide will not be called. The above provisions do not apply if the striker makes contact with the ball. Pitches should be marked as per Appendix A.

##### 20.13.1 Wide - Reverse Sweep or Switch Hit.

When a switch hit or reverse sweep is played or attempted the striker is deemed to have brought the ball within reach on both sides of the wicket and the Wide Guideline (Off Side) shall apply on both sides of the stumps. The leg stump wide interpretation is no longer in play.

##### ALL OTHER GRADES

Umpires are instructed to apply a very strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket. Any delivery on either side of the wicket, which in the opinion of the Umpire does not give the batter a reasonable opportunity to score, shall be called a Wide.

#### 20.14 THE BOWLING OF FAST SHORT PITCHED BALLS

A bowler shall be allowed to bowl **one** short pitched delivery per over. A fast short pitched delivery is defined as a ball which passes above shoulder height of a batter standing upright at the crease. In the event of the bowler bowling more than one fast short pitched delivery in an over, either Umpire shall call and signal no ball. (This playing condition is not a substitute for Law 41.7 which umpires may decide to apply at any time).

#### 20.15 SWITCH HITS - INTERPRETATION

- (a) The batter's grip and stance should be the same from the start of the bowler's run up until the beginning of the bowler's delivery stride.
- (b) The batter can utilise any grip, as long as they do not change it while the bowler is running in to bowl.
- (c) From the beginning of the delivery stride (defined as the moment that the bowler's back foot lands in the delivery stride), the batter if they choose, may start to play the switch-hit stroke.

- (d) If the bowler sees the batter alter their grip or stance before entering their delivery stride, they are not compelled to deliver the ball.
- (e) If the bowler does not deliver the ball, in this instance, the umpire shall give the striker an informal warning.
- (f) The second time this happens, the striker should be formally warned that they are wasting time under Law 41.10 (Batter wasting time). This shall constitute a first and final warning, and be applicable to all batters in that innings. Any subsequent instances shall result in 5 penalty runs being awarded to the fielding side.
- (g) The bowler, having seen the batter change their grip and/or stance, may decide to bowl at the batter, and is entitled to do so. The umpires should allow that option.

#### 20.16 MATCH BALLS

For McIntyre Cup Firsts and Johnstone Shield Firsts one-day matches, cricket balls to be used are to be a new white, four-piece **Kookaburra** brand and must carry the **G.D.C.A.** stamp. All other grades are to use a red Kookaburra brand ball and must carry the G.D.C.A stamp (refer to Rule 6.6).

#### 20.17 DETERMINATION OF RESULT

20.17.1 A result can be achieved only if both teams have batted for at least 20 overs, unless one team has been all out in less than 20 overs or unless the team batting second scores enough runs to win in less than 20 overs.

20.17.2 All matches in which both teams have not had an opportunity of batting for a minimum of 20 overs, shall be declared a draw.

20.17.3 In matches in which both teams have had the opportunity of batting for the agreed number of overs (i.e. 45/40 overs each in an uninterrupted match, or a lesser number of overs in an interrupted match), the team scoring the higher number of runs shall be the winner.
